Welcome

Staff welcome

Week 7 on lockdown and I am sure we are all feeling the pressure. Days turn into weeks and weeks into months – sometimes have to check what the actual day is!

Interesting to see those who have embraced isolation and the things they have done to get through this life-changing situation. From exercise to DIY to spending quality time with friends and family (observing the 2m distance of course).

As a team, we are still working, it seems a little harder than normal. Perhaps this is due to not having all the office facilities at our fingertips or a greater need to provide a support service – perhaps combination of both!

I am humbled to see how we as a nation have pulled together. Also inspiring to see what people we work with are doing to keep healthy and occupied. We read/hear a lot of news or words of wisdom, here is something that during a moment of meltdown, I realised something...

I often hear "we are all in the same boat", but that's not exactly accurate. We are in the same storm, but not in the same boat. Your ship could be shipwrecked and mine might not be. Or vice versa.

For some, quarantine is optimal. A moment of reflection, of re-connection, easy in flip flops, with a cocktail or coffee. For others, this is a desperate financial & family crisis.

So, friends, we are not in the same boat. We are going through a time when our perceptions and needs are completely different.

Each of us will emerge, in our own way, from this storm. It is very important to see beyond what is seen at first glance. Not just looking, actually seeing.

We are all on different ships during this storm experiencing **a very different journey**.

Whatever journey you are on, we can weather this storm together. We are here to see you, listen to you and to talk – lets keep talking.

As an indicator of our individual journeys, it would be interesting to see what these look like.

In the future, if you were asked 5 words to describe your experience of the Covid-19 outbreak, what would they be?

Mine would be **toilet roll, loss, NHS, community and zoom!**

Email yours to hello@workingforhealth.co.uk

Take care and stay safe!

Touring for Health

It's a shorter than usual journey today: along the empty motorways to London.

We're going to take a peek at one of the world's most successful artists:

BANKSY.

Anonymous, masked, secretive, anti-government (pretty much any government it seems!) pro-child, pro-peace, Banksy's work has appeared at cities all over the world, including Hull.

It's led to old walls and ruined houses being preserved for posterity.

My claim to fame?
I owned a Banksy rat on a road sign!

Well...my eBay bid was ahead for 1 minute anyway.

That counts.

Working Together Book Club

After our popular trip into Narnia we're tip-toeing into an even more famous classic: have a read of Robert Louis Stevenson's short and creepy tale

Dr. Jekyll & Mr Hyde.

Filmed countless times it has never gone out of print. Find out why. But keep the lights on and the door locked.
